Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 19-36 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 19 the phrases "i.e. toward the sole of the foot", and "preferably by means of a tube", and in claim 24 the phrase "i.e. , one for each one of the..." are indefinite, vague, and it is not clear what limitations applicant intends to encompass with such.

In claim 20 the phrase "the membrane type", in claim 21 the phrase "piston type", in claim 27 the phrase "said valve is of the tyep..", and in claim 30 the phrase "frustum-like" are vague and indefinite.

In claim 23 the phrase "if the sole has a single...", in claim 24 the phrase "when more than one chamber is provided", and in claim 25 the phrase "in the case of a plurality of elastic chamber..." are alternative rendering the claims vague, indefinite, and unclear.

Claims 31, 32, 33, and 34 are functional and do not recite any structures to perform the recited functions rendering the claims vague and indefinite as to what structural limitaitons applicant intends to encompass with such language.

Allowable Subject Matter

3. Claims 18-36 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

4. This application is in condition for allowance except for the following formal matters:

See above 112 issues.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
